

Land of great artists, writers and the cradle of the Italian language. Tuscany is the most-visited region with Florence, its artistic capital, Siena and her beautiful surrounding hills, Pisa and the relaxing Mediterranean Coast. Poplars, cipressi trees demarcating where to follow roads, not to mention the quintessential olive orchards dotted around the wineries, Tuscany is a simple blend of beauty and nature at her most astounding.

In heart of Florence, a prestigious area across the road from the superb Villa medici 5 star hotel, is this wonderfully large apartment, 120 square metres large, only one bedroom and living room that sleeps another two, on the first floor. It has all you need and more for a leisurely holiday, wifi, air con, and heaps of quiet and two bathrooms.
